8 Full Character Consistency Prompts

Plain-text generation prompts • No tables • Recommended order: 1 → 8

1. FRONT IDENTITY ANCHOR

Subject: same adult synthetic female character from the reference image.

Identity: preserve the exact same face shape, eye spacing, nose, lips, hair color, hairstyle, skin tone, apparent age, and overall recognizable identity.

Camera: front-facing portrait, eye-level, natural 70mm portrait-lens look.

Framing: head and upper shoulders visible; full hair inside frame; no crop on head.

Pose: neutral relaxed expression, direct eye contact, head naturally upright with no tilt.

Background: clean white studio background with soft even lighting.

Wardrobe: plain fitted black top, no logos or accessories.

Quality: photorealistic, sharp facial detail, natural skin texture, balanced exposure.

Avoid: different person, face drift, changed hairstyle, heavy makeup, jewelry, sunglasses, distorted face, cropped head, text, watermark.

2. THREE-QUARTER LEFT FACE

Subject: same adult synthetic female character from the reference image.

Identity: preserve the exact same identity, facial structure, hair, skin tone, apparent age, and body silhouette.

Camera: three-quarter left portrait, eye-level, realistic portrait perspective.

Framing: face, full head, hair, neck and upper shoulders visible.

Pose: calm neutral expression, head turned naturally about 45 degrees left, eyes toward camera, no sideways head tilt.

Background: clean white studio background with soft shadow.

Wardrobe: simple fitted white top and dark pants, no logos or accessories.

Quality: photorealistic, high detail, natural skin texture, consistent facial features.

Avoid: face drift, new haircut, exaggerated expression, glam makeup, jewelry, cropped hair, blurry eyes, text, watermark.

3. THREE-QUARTER RIGHT FACE

Subject: same adult synthetic female character from the reference image.

Identity: keep the exact same face, hair, skin tone, facial proportions, apparent age, and recognizable identity.

Camera: three-quarter right portrait, eye-level, natural portrait perspective.

Framing: full head and hair visible, shoulders included, clean portrait crop.

Pose: relaxed neutral face, head turned naturally about 45 degrees right, eyes toward camera, head vertically balanced without tilt.

Background: light gray studio background with soft diffused lighting.

Wardrobe: simple neutral fitted top, no logos or accessories.

Quality: photorealistic, sharp eyes, realistic skin texture, clean details.

Avoid: different identity, changed hair length, strong makeup, jewelry, face asymmetry caused by distortion, cropped head, text, watermark.

4. FULL-BODY FRONT — PROPORTION LOCK

Subject: same adult synthetic female character from the reference image.

Identity: preserve the exact same face, hair, skin tone, body silhouette, height impression, shoulder width, torso-to-leg ratio, and established proportions.

Camera: full-body front view, eye-level, neutral studio perspective.

Framing: entire body visible from head to feet; full hair visible; centered composition.

Pose: natural balanced standing pose, arms relaxed, feet naturally placed, shoulders level.

Background: clean light gray studio background with soft even lighting and a subtle floor shadow.

Wardrobe: simple fitted sports top and high-waist leggings, no logos.

Quality: photorealistic, realistic anatomy, clean dataset reference image.

Avoid: body-shape drift, changed face, changed hair, slimming or enlarging anatomy, cropped feet, cropped head, extreme pose, distorted hands, text, watermark.

5. FULL-BODY LEFT PROFILE

Subject: same adult synthetic female character from the reference image.

Identity: preserve the exact same hair, skin tone, face identity, body silhouette, height impression, and proportions.

Camera: full-body left side view, eye-level, realistic neutral lens perspective.

Framing: full body from head to feet, full hair visible.

Pose: natural standing left profile, arms relaxed, spine and head naturally upright, no exaggerated arch or twist.

Background: plain light gray studio background with soft lighting.

Wardrobe: fitted black tank top, blue jeans and simple sneakers, no logos.

Quality: photorealistic, realistic anatomy, sharp full-body reference.

Avoid: front-facing angle, changed body shape, exaggerated curves, cropped head, cropped feet, distorted limbs, text, watermark.

6. THREE-QUARTER BACK BODY

Subject: same adult synthetic female character from the reference image.

Identity: preserve hairstyle, skin tone, body silhouette, height impression, and exact established proportions.

Camera: full-body three-quarter back right view, eye-level.

Framing: entire body visible from head to feet, full hair visible, centered composition.

Pose: relaxed standing pose at about 45 degrees from the back, arms natural, shoulders turned away from camera, posture neutral.

Background: warm neutral studio background with soft even lighting.

Wardrobe: simple fitted casual dress, clean solid color, no pattern, no accessories.

Quality: photorealistic, realistic anatomy, natural fabric behavior, clean character-sheet reference.

Avoid: front view, identity drift, body drift, exaggerated pose, cropped head, cropped feet, twisted limbs, text, watermark.

7. MIRROR SELFIE — REALITY CHECK

Subject: same adult synthetic female character from the reference image.

Identity: preserve the exact same face, hair, skin tone, body silhouette, height impression, and proportions.

Camera: realistic mirror selfie, phone visible in one hand, natural indoor phone-camera perspective.

Framing: body visible from head to mid-thigh, full hair visible.

Pose: relaxed standing mirror-selfie pose, casual neutral expression, shoulders natural.

Background: clean realistic bedroom mirror setup with believable interior details and natural indoor daylight.

Wardrobe: fitted black top and blue jeans, no logos.

Quality: photorealistic, realistic mirror reflection, natural phone-photo texture, clean hands, consistent face.

Avoid: wrong reflection, duplicate body, extra phone, changed face, changed body shape, warped perspective, cropped head, text, watermark.

8. OUTDOOR DAYLIGHT — REALISM CHECK

Subject: same adult synthetic female character from the reference image.

Identity: preserve the exact same face, hairstyle, skin tone, body silhouette, apparent age, and established proportions.

Camera: realistic outdoor portrait, eye-level, natural daylight and lens perspective.

Framing: upper body visible, full hair visible, face sharp.

Pose: relaxed standing pose, slight natural smile, looking at camera, head upright with no tilt.

Background: simple outdoor walkway or garden with convincing photographic depth and soft background blur.

Wardrobe: fitted light-colored casual top with dark pants, simple clean styling, no logos.

Quality: photorealistic, natural daylight, sharp eyes, realistic skin texture, believable background.

Avoid: different person, changed hairstyle, heavy makeup, sunglasses, artificial AI-gloss, text, watermark.
